Subject: Pending Private Well Samples

Hi

It was good to see you on Monday night. As we discussed, here is a list of folks in your part of town who were sent requests to sample their wells by Steve Morrow at Olin. All these folks were mailed two letters, and (for those with published phone numbers) received at least one phone call. Olin plans to go door to door next week.

I certainly do not want to pressure anyone into sampling their well, but if you know and have a chance to touch base with any of these folks, perhaps you can put them at ease. If you do talk with any of these folks, and they agree to allow Olin to sample, please have them call Olin at the toll-free phone number contained in Olin's letter. If anyone has any questions, comments or concerns, please have them call me at the number below.

I appreciate your efforts!

Jim
